

Princess Augusta, Elizabeth, Mary, Sophia & Amelia to
Lady Charlotte

L148

Oct. 18. 1808

The Devotion, Attachment, and Respect which we feel for
your Dear self Lady Cha - and which is ever deeply engraven on our
Hearts - is happily well known to you - and from our earliest In-
fancy we felt that Affection, which Maturity gives found to us to be
grounded on Gratitude and Esteem. -

We are truly sensible of the Pains you have made in writing to us, &
we by you to be assured that nothing you ever could or could give our
Hearts such Gratification, as the Sentiments of your Love for us, given in
your own Words and under your own Handwriting -

It is indeed true that we have had our share of sorrow, but we have had
many blessings - nor do we look back to the having been under your care
as one of the least of the Mercies of Heaven -

These are the genuine Sentiments of those who have the pleasure
of signing themselves

Your most truly affectionate and grateful

Augusta
