I have this instant the
honor of your letter, every attention
is making, and has been made,
nor shall I quit it, till it is fi-
nally arranged. There are legal
forms to go through; it is that
with interest. I have no doubt,
but it will be settled, by the time
you mention, I have given up all
other pursuits, to follow this
legacy up and can every
about it, when able

I have a proper regard
of all the favors, I have received,
I am with due respect

Yours obedient
devoted servant
John Bull
