

To 2<sup>d</sup> Earl of Liverpool.

My Lord. I feel most deeply the Prince Regent's  
kind attention in Informing me through You  
of the very Judicious & Prudent manner in  
which the Princes confidential Servants have  
advised Him to act upon this very unpleasant  
& Painfull Business. I rejoice much that the  
Prince has spoke Himself to His Daughter & am  
Delighted at the Propriety & Feeling of Her conduct.
