

Colonel Hotham, takes the opportunity of Major Dyer's  
 calling on you to forward your quarterly allowance, at the same  
 time cannot refrain from communicating what I am certain  
 will give you much satisfaction, my having received a most  
 pleasing letter from Frederick who seems much hurt at the  
 having no more the P. of W. not having changed his conduct  
 and a very explicit declaration that I shall find in him a  
 very dutiful and affectionate son; I therefore rejoice at the  
 thoughts of seeing him in the next month. His apartment  
 here will be thoroughly comfortable.
