Royal Park. Dec. 31. 1824.

My Dear Sir

I believe that tomorrow I will complete the six books, the
 time you were so kind as to allow me for copying the three thousand copies
 of your own papers to do so - But as I mentioned to you on the 20th of November
 yesterday I signed your papers, that I depended upon when I was paid on the Duke's
 account whether I could be sent to the day - I must request of you to send me another such paper
 which will sign immediately as I should feel very unhappy if I did not act with that gra-
 titude and cheerfulness, which your kind wife so fully merits -

If you will send it to my house at St James's Palace, it will be forwarded to me im-
 mediately to her own care, and shall be returned as soon as signed

Believe me My Dear Sir

Yours very sincere friend

W. Pitt
