Great February 1 1794

Dear Brother

Ever since You applied to me for the exchange  
between Gage and Young Churchill, to what I was very  
sorry that I could not consent, I have been endeavouring  
to find out an exchange for Churchill, which if You  
like it I have at last got into the cold stream, Captain  
Pomeroy wishes to quit the service, and I have been told  
word that the King's first exchange with Churchill should  
this week be bill certainly have one of each two Lieutenants  
under him directly, Pray let me know whether Churchill  
accepts this or not as there is another offer exceedingly  
willing to get into the Regiment of Churchill is otherwise  
engaged.

My dear brother be word You know of two Horses  
which would suit me, pray buy them for me as I  
am in great want of them for the next Campaign
