Dear Sir - I must once again trouble you upon the interesting subject
 and wish for your personal the two letters from Anne I received yesterday
 for with regard to her that she has written every letter since I left about
 for no further interference between them - I must give advice how to answer
 it as I'd know I must request to be understand in the terms there off which
 she comes to them as well in these letters - If she states the facts there
 should be something unpleasant & probably George is to be convinced - the 2d I
 was written in your will - the first is long either is in favor of the idea
 - I must give advice whether I should send it here or if I should give answer
 as now - I am going to see you and thank you a thousand times for
 your last kind letter - Ad. W. P. M. ever most sincerely yours
