Dear Sir

I recd your most kind letter yesterday and have it by me
 since the kindness of sending the book to me at Dr Richard's
 under care of Dr Thielke or Dr Jussieu. However she daily
 send some things to The L. A. Arch. — that for some permission
 I asked Dr Richard's telling her it was a small quantity
 and she said it would be perfectly safe however small in large —
 I say nothing about sending it to The D. of York as you proposed a new
 edition of the account, but if you bid so I am sure it would be
 just safe. However the former show every one but —
 We continue very very much interested in The Egyptian and for
 some curiosity in their opinion — Ad Miss for some to G. I am
 sure you kind and excellent heart. With Dr. in the history — but
 Ad Miss for it and believe me ever
 your truly Affect Servant

Wm. Smith
