

July 1812

I am ashamed to have been so long with
 out returning You my thanks for
 all the trouble You have kindly
 taken about these poor Girls, &
 we knowlege the receipt of the money
 you returned me in the 14 of this
 month - Believe me nothing but
 want of time & hurry have prevent-
 ed my thanking you before, I will
 shall trouble you with a note to
 our Salisbury for I am doubly
 anxious, in my present melan-
 choly & secluded state to prove to
 those who are kind to me that
 I am not ungrateful - The more
 one is tried the more one is
 sensible of attention - & these
 last two years have been so

"Poor

grateful, that it is a halcyon season
breasts feeling how much our friends
have felt for us -

I hope you Lady Parsons & your
Daughters are all well, & that
Lady Parsons's nerves have not
suffered from the horrors that
have befallen her comfort I
should think must be great in
being the wife of a Magistrate
I can say nothing good from here,
which is truly said.
