My dear lady Persians -
I shall pay every attention
with my great pleasure
to your kind Daughter
and if you will
be so obliging as to
send me some of
the printed Cards -
I will do all I can
for her postage -

I sincerely hope you had
your health the summer
is gradually improving
some I cannot visit
the country & I hope
to walk about like
other people —
when after nearly
4 years had been the
as a physician I can

with the most perfect
I believe you to be
very good
