Decr: 21: 1827.

Dear Sir,

It was only yesterday I received Yours of 23^d Sept: from Paris and hope it will be in my power to permit the North Star to remain a fortnight at Rio Janeiro when she returns to this country from the Coast of Africa.

I cannot but feel well disposed towards any relation of yours in our Service when I recollect the services explicit you have performed in the Navy beginning with your being drawn back to his quarters on the lower Deck of the Sandwich a beamon in the action of Lord Rodney off Cape St. Vincent on the 1st January

1700, till you have done your duty. I will
afford you great pleasure to place your nephew
in a situation to lead to his promotion,
So tell your and ever believe me,

Dear Sir,

Yours truly
J. S.
