My dear Father,

I arrived here this morning having been three nights in the mail & Greffenhoop has dressed me and does not wish me to travel any more to day as my leg is inflamed I shall consequently come up with Sophia tomorrow - I have found all the children well & they particularly grown - Bushy looks beautiful I am very lame still - Sophia says she will leave this at half past ten & as we shall stop at Coochear once we shall not be in Wellington Street till past one.

Your dutiful affectionate
George Augustus Fitz Clarence
