Bushy House,

May 5: 1830.

1/2 past 6. P. M.

Dear Sir,

Yours of this day of 3 1/2 P. M.  
has just reached me and I rejoice it is an evidence,  
more than I could have expected and than I ever  
me the more pleasure, I am glad His Majesty  
some the Duke of Wellington who gave a personal  
thought much better of the thing than his imagi-  
nation had formed. Under all these circumstances  
I put my trust in God and place my confidence in  
your medical abilities. I shall be most anxious  
tomorrow for a continuance of your valuable reports  
and ever remain,

Dear Sir,

Yours truly

J. M. M. M.
