Dear Brother

tho' I know very well the Impropriety of  
M<sup>rs</sup> Dicks request, she is so hazing that  
to get rid of her I promis'd to send her letters  
assuring her that you could not comply  
with her wishes. I hope William has shown  
you all my copies to the Hereditary Prince of  
Wurtemberg & his letter to me, it's not my fault  
for I send him three expr's to which he  
never answer'd till he was at Hamburg.  
With all this absurd conduct, I do not dis-  
pair of Princeps Royal being very happy,  
if she can flatter his vanity of which he  
has a great portion, I long to see her & shall  
not fail of saying every thing that I can, I  
advise great prudence, her Grande Maitresse

is much commended. may this wedding  
turn out a comfort to you is the wish of her  
that ever is my dearest brother with the truest  
gratitude

your most dutiful  
humble servant & subject
