

St. Peter Barbadoes June 15th 1781

My dear General

From the many instances of your friendships
with which I have been honoured, I am
led to flatter myself, you will forgive my
vanity, in transmitting you an extract
of a letter I have just rec'd from St. Lucia
Indeed my dear General I am not a little
proud of my conduct on the 29th of April
whatever may be thought of it in England
The Packet is getting under sail, therefore
can only add I am, with every sentiment
of truth & affection, most faithfully yours

Jam: Brindley
