

Mem<sup>o</sup>.

Sir Samuel Woods with his Division, to cruize from fifteen to twenty Leagues to Windward of the North end of Martinique, stretching as far North as the Latitude of Dominique.

The Centre Division from fifteen to twenty Leagues to Windward of the Body of the Island of Martinique, stretching as far North as the Latitude of the North end thereof.

Admiral Drake with his Division from fifteen to twenty Leagues to Windward of Point Salines, stretching as far to the Northward as the Latitude, of the Body of the Island of Martinique.

The Squadrons are to keep under such moderate Sail as may be just sufficient to keep their respective Stations.

One Line of Battle Ship of the Centre Division is to be constantly Stationed, midway between it & the Van Division: And a Line of Battle Ship of the Rear Division is to be constantly Stationed between it and

M<sup>o</sup>.

the Centre Division. — Each Squadron is to have a Line of Battle Ship constantly Stationed directly to Windward as far as Hull down. After having entered on their Stations the Squadrons are to Stand to the Northward under the easy Sail alluded to in the foregoing; from the Southern limits of their respective Stations at 8 P.M. and to Tack or every eight hours, that they may always keep themselves, at the proper distance from each other.

Commodore Affleck in the Bedford with two 64 Gun Ships is to Cruise to Windward of Guadaloupe, so as to be nearly in a right line with the other Divisions of the Fleet, stretching from the Latitude of the South end of Dominica as far as the Latitude of Descada. —

To  
Sir Samuel Hood Bart. 1782. Signed, G. B. Rodney  
Rear Admiral of the Blue (A Copy)
