

No. 29.

Annex.  
Jan<sup>y</sup> 25: 1819.

Dear Daniell, Yesterday brought me your 2:25  
and its various enclosures which I return signed as  
usual: George being fully authorized by me you need  
not in sending to South Audley Square the two  
lamps two and tables and two of the large chairs: I  
approve of all I hear from Crater and am glad next  
season will easily complete the whole Hills in the  
Park and that next month will finish the different  
clumps: the front under the Pier ought to be alter-  
-ed to: the account from Mr. Cook is truly agreeable  
and after the receipt of the linen which I trust by this  
time has reached her she will be a judge what more  
is wanted: Miss W. Beeby and Mr. James's to be well suppli-

ed: in your next I hope to hear of a new garden: in  
the mean time adieu and ever believe me,

Yours sincerely

J. K. Williams
