Night.

Dear Sir,

I enclose a letter from Lord North  
which I cannot officially answer: but you are  
the only person that can: let me know also when  
anything is settled.

The Dalrymple has for some time behaved to me  
with ingratitude and particularly so lately: yet  
I do not wish to stand between him and the Prince  
Regent and hope my brother will shortly appoint  
him Governor to some West India Island: never see  
- except the worse the better.

Some time ago, gave the Report & Memorial from the  
widow Fildesby: my brother knows her case and is  
I am sure anxious to serve her: you will see by the  
enclosed she has friends at the Treasury and I wish  
the memorial, was sent to that board.

Ever believe me,  
Yours sincerely  
J. J. S.
