Dear Turner,

Enclosed you will receive a letter I
have been favoured with from Captain Cartwright
of notoriety. I wrote him, need not having an offic-
-al situation, I had forwarded it to the Secretary of the
Regent of which I wish you much joy as the Captain
will probably indulge you with letters and visits
which will be the more agreeable as you are not at pre-
-sent very busy.

I ever believe me,

Yours sincerely

William
