Mary and I have had a long & private  
 and confidential conversation with Sir Henry  
 Walpole - He will be kind enough to make you  
 a faithful report of it - & you will know  
 your mind the fact in of your case -  
 Of all things I wish to be separated from  
 the Kings Roof as much more than if  
 it is thought coming - that of us I wish  
 sleep under his roof its increasing a bad  
 Delusion - I have not time to add any  
 more  
 Yours very truly  
 W. Pitt
