Sir

As orders are come to this Office  
& the Warrants signed for passing two patents  
according to the Titles I have the honour to  
send your Highness inclos'd, I could not chuse  
but congratulate our selves in having your  
Highness have Titles, which seem to bring  
you nearer among us. For tho' prince  
Frederic wants no addition to make him  
merit valued & beloved, yet this new mark  
of the King's affection, with Titles known  
among us will endear your Highness more  
to the Nation. I have the honour to be  
with the greatest veneration & respect

Yr Highness's  
most humble, most  
faithfull, & most obedient servant

W. H. P. Frederick.

Geo. Tilson.
