

My Good Lord, On Monday I wrote to the Archbishop of Canterbury my inclination to grant Dr. Balguy a Dispensation from performing the strict Residence required by the Statutes of the Chapter of Winchester, provided the Archbishop and the Bishop of the Diocese (whom I desired him to consult) saw no objection in this particular case to such an indulgence. On Wednesday the Archbishop told me he had followed my directions and that he and the Bishop agreed in the propriety of the step and thanked me for having first asked their opinion which must prevent his causing any improper precedent. I have now directed Ld. Melbourne to have the Dispensation prepared for my signature. You may therefore now communicate my intention to Dr. Balguy.

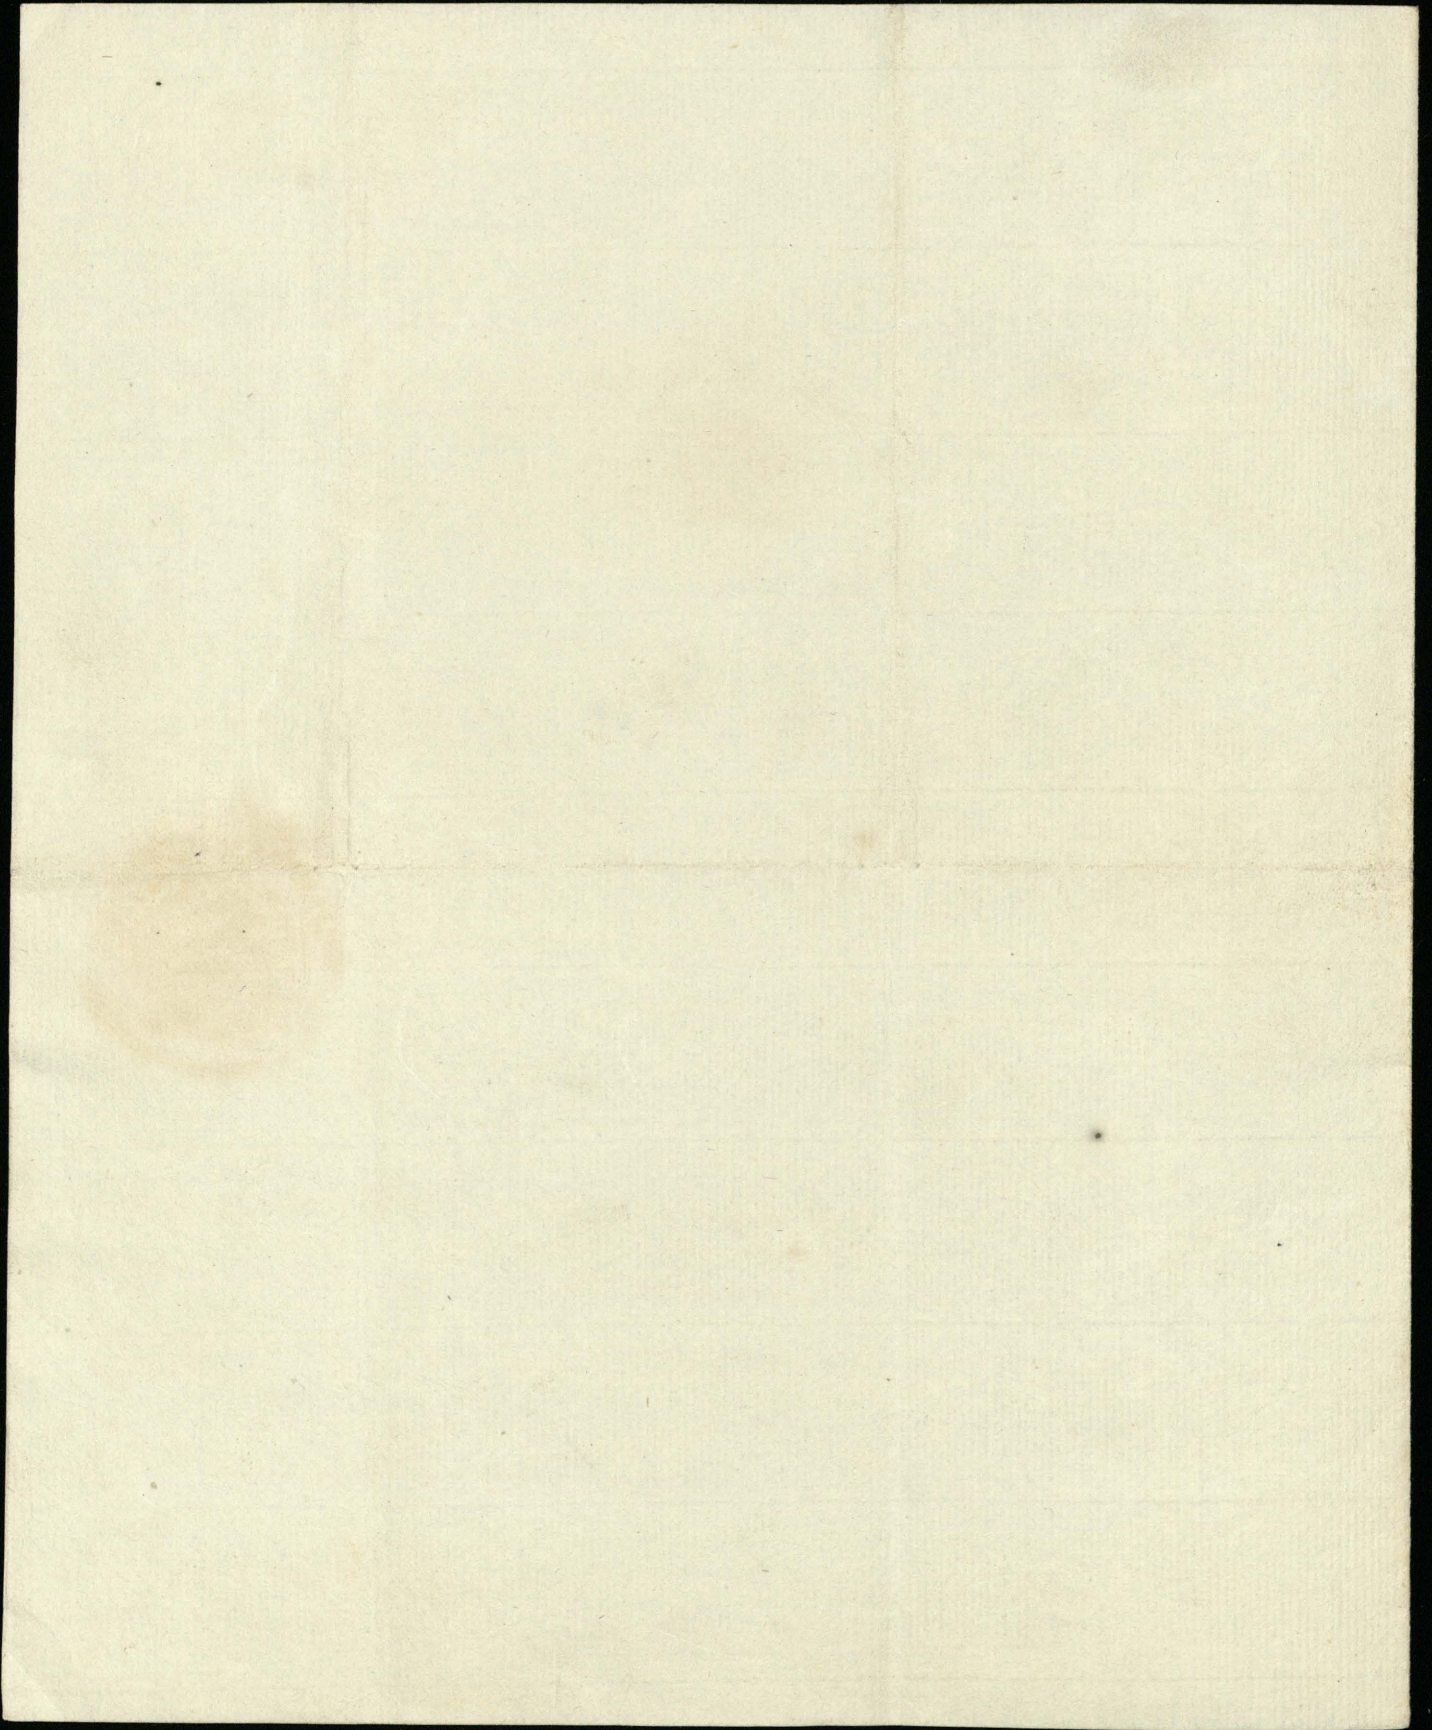

I have also acquainted the new Ld. Steward of the night of the Deputy Clerk of the Closet to dine at the Chaplains table and his servant to dine with the servants. You may therefore acquaint the Deputy Clerk of the Closet in Waiting of things being now put on the same foot as previous to the Dispute with Ld. Falbot.
