Dear Sir,

I am to acknowledge your ofth
instant and make no doubt to refer a ship as
the Windsor Castle in your hands will answer
in every way that is possible. Of course the
destination of her and the Spatia to may easily
be conceived and what events may await her
officers and then to the Mediterranean a time
will disclose.

Not having been in the Cabinet I am not a per-
fect judge of the cause of the misjion of the
Duke of Wellington. But ignorant as I am
I may observe that ever since the Cabinet
of Lord Bessis part of the late Mr. Canning and of your
present Administration have produced what

evidently near their object to prevent namely near
 between Depue and Turkey. If the Secy. of the
 - lington had not made that Protest & otherwise
 I cannot help thinking the Congress never ~~will~~
 have passed. It might not to have made near
 on the latter and more particularly after the
 Treaty of 6 July. For the difficulties were in.
 It never gave private me at all times and
 in all situations is interesting to me and I trust
 occasionally you will inform me of your
 proceedings. God bless you and ever believe me,

Dear Sir,

Yours truly

W. S.
