My Dear Brother

I know that you will be happy to hear how we get on at this place. The King My Sister and Myself are quite well - but Mamma has got a great Cold and a pain in her face which is very much swollen - She bears it with all possible patience and assures us that it is nothing but a Cold as she has a very good Appetite and really thinks that to be the case - I wish you joy of your sweet Child having cut another Tooth and being quite well - I hope you are both better and quicker than when I saw you last - You are not forgot here - and the little Room with one window that looks to the Sea where you so often sat in last year was the place chosen by your friends to read a certain Paragraph which appeared in Wednesday's Oracle - and which gave them all very great pleasure to "read in place" "one after par" and God knows we have had our share of it -

I may let me have a line soon - I hope you would forget what a good road there is for travelling into Dorsetshire - God bless you My Dear Dear Brother & best friend
 Your most truly affectionate

Mrs William & Lady Pitt
 desire their Duty to you
