My dear Dearest Brother

No one can feel more than
 I do upon the happy return of this Day - I cannot express the
 degree, but your dear heart and imagination will best explain
 it to you - Minds like yours will not bear empty
Words - and My Affection for you will not allow me to trust
 alone to them - Trujans present - Trujans (how that's what
you are to your poor Deap.

I hope soon to have the Blessing of seeing you - I have just seen
 the Bless - I broke part of the last Commandment immediately
 by - I did not covet for myself - but for what I love better
 than myself - God bless you ever Dearest Angel
