My dear Dearest Brother

Mamma desires me to give  
 you her best love - she would have written to you this  
 morning - but has been prevented - and now she cannot as her  
 eye is very weak - she hopes you are getting better &  
 says you will take the greatest care of your leg - say  
 all sorts of tender things from us all to Dear little  
 Charles - and believe me ever

My Dearest Brother
