My Dearest Brother

You must have trouble  
 You with a few lines to express my anxious wishes  
 and hearty Congratulations on tomorrow. But that I feel  
 more for you on one Day than another, but I could  
 not let it pass without expressing the best inadequately  
 the sentiments of my Heart — for you —

I have the happiness of informing you that the Dear thing  
 is perfectly well — and indeed this Air has agreed well  
 with every body — Amelia has had a cold but is in  
 very great spirits — & looks much better than she  
 did when first she came here

God bless you My Dearest Brother  
 August 11 - 1801  
 Your most truly Affectionate  
 Brother

Her R. H. the  
Princess Augusta
