My Dearest Brother

I am commended by the Queen to apologise
 you of the very great disappointment in not seeing you today - I'll be sure
 to be there, and sincerely hope you will soon be better.

Nothing can be more beautiful than the flock you have sent me, and
 it is most acceptable present and will be truly prized for the dear
 Queen's sake.

I hope my dear Mother's indisposition will not keep you long
 and that I shall soon have the happiness of telling you in person
 how faithfully I am

Your very affectionate friend & sister
