My Dear Brother

The Queen desires me to inform you
with her best Love, that nothing is settled about Her Birthday but that as soon
as She knows I shall write to you concerning it - I will send My Letter
to your House in Town that it may be forwarded with all possible
Speed - Need I tell you how happy I shall be when I see you again.
My Understanding, feeling and Life will trust all Good before
I shall cease to say with the greatest truth how sincerely I am
