

J. Jamieson.
 Feb^r: 25: 1821.

Dear Daniell,

I was so much occupied yesterday by business and constantly seeing people that, hardly know me but I write: I have now time to consider and trust this will reach you before you can have notice to James St: my permission had never been obtained for his dinner being washed at my laundry and on second consideration this irregularity is not to be permitted in future: I hope you have not written and in that case the prohibitor is already

known to those concerned: let me know what
step you have taken about it, & trust this will
arrive before your letter will have been dis-
patched: adieu and ever believe me,

Yours sincerely

William Pitt
