Windsor Castle
March 19th

My dear Lady Elg

Miss Wilson
being in Yorkshire with a
S. M. had delayed my receiving
your very kind letter of
the 5th, which I only received
yesterday, it having been
sent after her. I would
therefore not thank you
sooner for it, & I trust
two or three more success-
ful. My constant prayers
of your true attachment
to me are most gratifying
to my heart & I remain

sufficiently express ^{two} ~~two~~ means
deeply I feel it a law ^{with the D^r of Geneva}
particular I am ^{for it} ~~for it~~.
I shall be delighted
to see you again after
Easter & hope to see
you soon after your
arrival in town either
then or here at Windsor.
We are going to town to-
morrow for three days.
I intend to go to the
Ancient Concert & on
Thursday after the Dra-
wing room to the German
Opera, whilst the King

means to spend the 8th
with the D^r of Geneva
This better - but not
recovered, & I am afraid
never will entirely regain
her usual health &
strength again, which
I regret very much.
D^r S^r & Name leave us
to day with their Boy
who is quite well again
but requires still care
& watching, they take
him therefore back to
Jopson. Their visit
was very agreeable to
us & a real comfort,

they seemed also happy
here with us.

I have good accounts from
my sister & her children
she intends to pay my
mother a visit in May.
which will be such a
happy, yet at the
same time also a most
lambent meeting. My dear
will follow her there
& I shall try to be
of the party. Tho' I know
perfectly well that it is
impossible to join them
this winter than in the spring.

I hope you have good
accounts of your daughter
& her child, & that you are
all well at home.
