Kinda letter
Aug 10 181

My dear Lady Eliza
I was so glad
to receive your letter from Bea-
maris with the beautiful
gown which you have had
the goodness to send me.
I wanted to express my
best thanks for it &
assure you that I am
most grateful for all
the kind expressions of yr
letter & your wishes on

my approaching Birthday.
I admire the gown very
much & the more so for
being Irish made. I have
sent it up to town in-
mediately to have it mended
up so as to be ready for
me to wear on Tuesday
if when we are to have
a large party. —
I had intended to write
to you one of these days
to thank you for your
former letter, which
I was prevented so in doing.

I beg you to be made with
your usual kindness this
delay. I regret very much
that you have been so long
in the street shops. The
public will benefit your
lengthy exertions towards
Spain. I also hope your
daughter is ^{very} better again
& that all the rest of
your children are quite
well.

We expect the Sp. of Gt.
to be on Monday tomorrow with
as little delay. This much

better. The King is quite
well & I am still coughing
but hope soon to get
rid of this disagreeable
cough entirely. - Give my
best compliments to all.
He & my God bless
you all, in the sincerest
wish I possess,
respectfully &c, of
your most truly aff.
Friend
Charlotte
