Aug. 14th

My dear Lady Elg

I feel
most gratefully your
kindness in thinking
of my natal Day &
desiring to express
my best thanks to you
for your ever warm
full of good wishes
as well as for the
magnificent paper

knife you have sent
me. Be assured
my dear lady, I
that I am much
sensible of all
your goodness &
know to value such
without friendship
as you have shown
me on all occasions
I return it with
sincerely & I hope

when we meet again
to be able to prose
it to you more than
by word, which can
not sufficiently
express sentiments.

I am very happy
to be united with my
sister & her children
& have to return you
many thanks for
your remembrance
of them. They are quite
well & my sister sends

you his best Compliments
The King also begs
to offer his best wishes
to you & the health he
you to remember us
to all of us.

Excuse this hurried
note & believe me
ever, my dear lady
Yours truly affec^{ed}
& grateful
Belinda
