My dear lady Eliza

A. M. M. M.

Thank you very much
amiable letter which had
the pleasure to receive
of a few which I feel
truly grateful. I have
been pleased very much
with my own & have
been pitted in health by
it, for the constant

Change of mind & scene
was of great use to
me & the great kindness
which has been shown
to me every where
is deeply felt by me.
I never shall forget
it as long as I live
and always remember
it most gratefully
as a gratifying testimony
that the memory
of one beloved & respected
Ray is still alive in

the hearts of his people;
I was delighted with all
the places which I have
visited & regretted to
come away to return
to Fozzy Harbour, which
is near Dismal & Drak.
The Comdoy was still
fair & I took much
exercise which in Linn
is unparalelled to take.
I have come to this
even at Peace this
afternoon on a visit
to the Queen who had

asked me to write for
today. It is always
a treat to my feelings
wh. I am happy to
have this opportunity
of writing the Queen
my all perfect
happiness.

you are very kind to
enquire after my
sister and her family
who are all quite
well, yet they cannot
recollect their spirits.
