To Lady Mayo

Private
and
Confidential.

St. James's.
Tuesday Morning.

My dear and excellent friend,

Knowing the real ex-
-treme Lady Mansfield has long had for
me I wish your Ladyship would talk
seriously on the subject of her female suc-
-cession: I am afraid she is not known in the
-world and the true children are certainly an
-objection: but perhaps even there difficulty
-this might be overcome: for literally as
-yet I have no one certain and as I do flatter
-myself the Prince's answer will be final

and satisfactory I must decide as soon as possible
had to be with my daughters: I will call on
Your Ladyship either tomorrow or next day
till then adieu and ever believe me,

Dear Madam,

Yours sincerely
