

Bushy House.

Jan<sup>ry</sup> 21: 1822.

My Dear Lord, I have received the following  
 in one page from the Duke of York thro'  
 Mr. Herbert Taylor relative to your Lord-  
 ship's nephew that my brother the moment  
 he can get the lists from a board is to as-  
 -ertain who will remain on full pay  
 will place young Berkeley in such a si-  
 -tuation as to secure his maintenance in  
 some regiment and without any additional  
 money being received. I therefore consider  
 yourself as having no place.

The meeting of Parliament is fast approaching  
 -ing and I wish to see the resolution  
 -guillige Ireland: the moderate and right  
 their King of every description ought to con-  
 -to and wish this spirit of sedition and re-  
 -bellion: otherwise I am afraid should the  
 Empire again involve in war we  
 shall live to see that more violence which  
 need to shake Ireland to her very foundati-  
 -on: I do not say any more because it would  
 involve topics which have taken other  
 terms since last year.

The Dutch Grenites with me in every sin-

... care and hearty good wish towards yourself  
and the Countess. God bless you both and ever  
believe me,

My Dear Madam,

Yours sincerely

W. Pitt Rivers
